PANEL BOARDS

CABLE TRAYS

LASER CUTTING

PREMIER ELECTRIC TECHNOLOGIES

A Kerala-based manufacturer of electrical control panel boards, distribution boards and cable tray systems — and a power project developer delivering custom fabrication and end-to-end electrical engineering works.

Panel Boards

Custom AMF / ATS control panels, fabricated, wired and tested in-house.

Cable Trays

High load-bearing, corrosion-resistant trays in multiple types & sizes.

ELECTRICAL CONTROL PANEL BOARD

Complete AMF / ATS Panel Board — KSEB & Diesel Generator Incomer with Full Distribution

Every panel board is designed, fabricated, wired and tested in-house — from Auto Mains Failure (AMF) and ATS control panels to full distribution boards — built to perform reliably in demanding industrial and commercial installations.

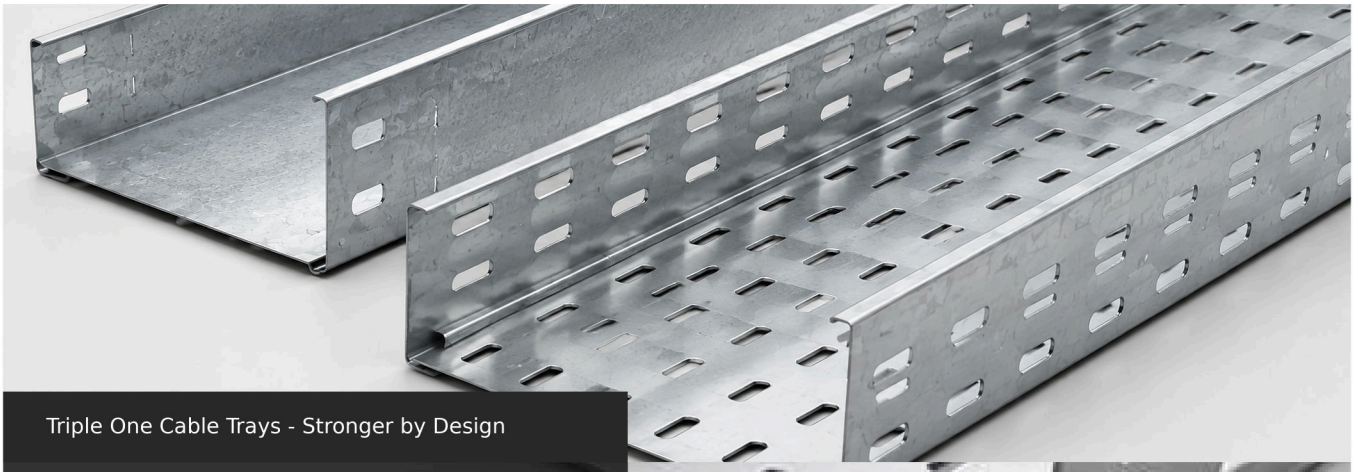

PANEL BOARD SPECIFICATIONS

- ▶ 160A / 125A 3P-4P MCCB incomers — KSEB & DG
- ▶ Auto Mains Failure (AMF) & ATS control logic
- ▶ Power contactor based auto-changeover
- ▶ 100A 3P MCCB distribution & 32–40A MCB feeders
- ▶ Digital multi-function meter & indication lamps
- ▶ Dedicated cable alley for clean, safe wiring

ALSO AVAILABLE IN OUR PANEL RANGE

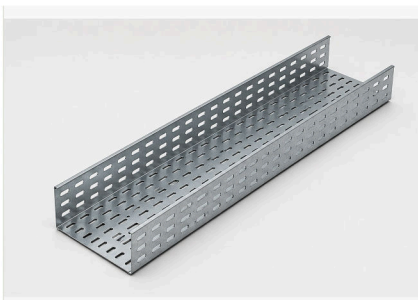

CABLE TRAY SYSTEMS

Triple One Cable Trays - Stronger by Design

Engineered for safety, strength and sustainability. High load-bearing, corrosion-resistant cable trays available in multiple types and sizes for industrial and commercial cabling — built for fast, safe installation and long-term performance.

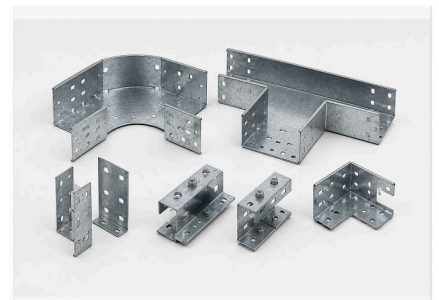

PERFORATED CABLE TRAYS

Ventilated design for optimal heat dissipation and easy cable access.

SOLID BOTTOM TRAYS

Fully enclosed base for extra protection in sensitive cable runs.

TRAYS & BENDS ACCESSORIES

Elbows, tees and couplers for complete, custom-fit tray runs.

High Load
Bearing

Corrosion
Resistant

Easy
Installation

Long Lasting
Performance

Multiple Types
& Sizes

MANUFACTURED IN-HOUSE

- ▶ Perforated & solid bottom cable trays
- ▶ Custom sizes to project specification
- ▶ Bends, tees, reducers & accessories
- ▶ Corrosion-resistant finish for long service life

STRONG · SMART · SECURE — BUILT TO PERFORM

TRANSFORMER DISTRIBUTION BOXES

2-way and 3-way transformer distribution boxes in FRP/Sintex and stainless steel enclosures, built with 200A fuse units and aluminium busbar systems for outdoor pole-mounted use.

WEATHER
RESISTANT

DURABLE
ENCLOSURE

SAFE & SECURE
CONNECTIONS

- SINTEX / FRP / Stainless Steel Enclosures
- 200A HRC Fuse Units
- Aluminium Busbar System
- Pole Mounted Outdoor Use

ATS & KSEB INCOMER PANELS

125A 4P ATS panels with dual incomer (Diesel Generator / KSEB) for seamless automatic power changeover between mains and standby supply.

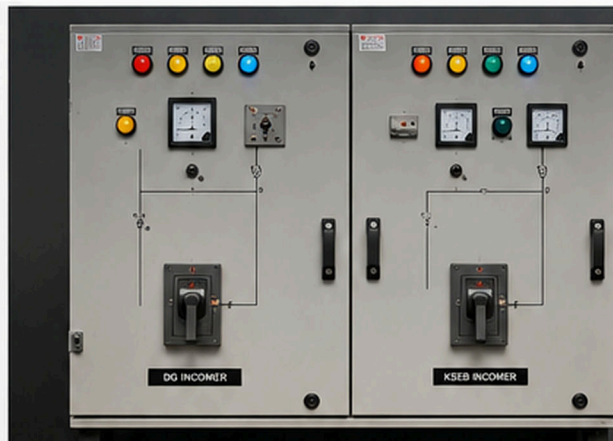

AUTOMATIC
CHANGEOVER

RELIABLE
& SAFE

UNINTERRUPTED
POWER SUPPLY

- 125A 4P ATS Panel
- Dual Incomer – DG & KSEB
- Automatic Mains Failure Logic
- Digital Metering & Phase Indication
- Compact, Safe & Easy Maintenance

PRECISION LASER CUTTING

High-accuracy fiber laser cutting for enclosure panels, brackets and structural components.

HIGH
ACCURACY

CLEAN CUT
FINISH

CAPABILITIES

- ✓ Sheet Metal Cutting
- ✓ Enclosure Panels
- ✓ Brackets & Supports
- ✓ Custom Components
- ✓ Various Thickness & Materials

SINGLE PHASE STARTERS

Reliable single phase starters for motors and equipment with overload protection.

MSB WITH APFC

Main Switch Board with Automatic Power Factor Correction for efficient power management.

EARTH FAULT RELAY

Sensitive earth fault protection to detect leakage current and prevent electrical hazards.

DECORATIVE CUTTING

Custom decorative & architectural jaali panels cut to any pattern for modern design applications.

ALSO FROM PREMIER

- Electrical Control Panel Board Manufacturing
- Cable Tray Manufacturing
- Distribution Boards & Boxes
- ATS / AMF Panel Boards
- Custom Fabrication Solutions
- Power Project Development
- Installation & Commissioning
- Precision & Decorative Laser Cutting

**BUILT TO PERFORM.
DELIVERED WITH TRUST.**

WHY CHOOSE PREMIER

Quality assured. Custom-built. On time, every time.

QUALITY ASSURED

Every panel is built and tested to strict quality standards before dispatch.

CUSTOMIZED SOLUTIONS

Panels and enclosures fabricated to your exact site and load requirements.

ON-TIME DELIVERY

Reliable project timelines from fabrication through to commissioning.

EXPERT SUPPORT

Experienced engineering team for design, installation and after-sales support.

WHAT WE DO

- Electrical Control Panel Board Manufacturing
- Cable Tray Manufacturing
- Distribution Boards & Boxes
- ATS / AMF Panel Boards

- Precision & Decorative Laser Cutting
- Custom Fabrication Solutions
- Power Project Development
- Installation & Commissioning

OUR LOCATIONS

Registered Office:

Nalukody P.O., Kottayam, Kerala – 686548

Works: Industrial Estate, Changanassery,
Kottayam, Kerala – 686106

GSTIN: 32HDVPK6805E1ZB

BUILT FOR EVERY INDUSTRIAL CHALLENGE

Control, distribution and fabrication solutions engineered for demanding installations.

CONTROL PANELS

POWER DISTRIBUTION

PRECISION FABRICATION

APPLICATIONS & INDUSTRIES WE SERVE

Reliable solutions for every sector.

01

MANUFACTURING INDUSTRIES

Control panels, power distribution systems and automation solutions to ensure uninterrupted and efficient operations.

02

COMMERCIAL & INFRASTRUCTURE

Safe, reliable and aesthetic electrical solutions for commercial buildings, complexes and public infrastructure.

03

POWER DISTRIBUTION

Transformer distribution boxes, ATS panels and power management systems for stable and secure power supply.

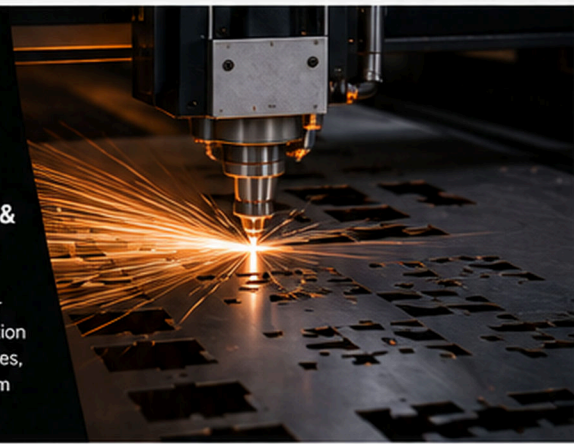

04

FABRICATION & ENGINEERING

High-precision laser cutting and fabrication for panels, enclosures, brackets and custom metal components.

BUILT FOR DEMANDING ENVIRONMENTS

Consistent quality from engineering through on-site support.

1

CUSTOM-BUILT

Configurations matched to load, site and operating needs.

2

INDUSTRIAL-GRADE

Robust enclosures, reliable components and clean workmanship.

3

TESTED IN-HOUSE

Electrical, functional and safety checks before dispatch.

4

END-TO-END SUPPORT

Installation guidance, commissioning and after-sales service.

FROM BRIEF TO BUILT SOLUTION

A clear, controlled project journey - engineered for quality, safety and dependable delivery.

01CONSULT

02DESIGN

03BUILD & TEST

04COMMISSION

Safe & Reliable
Engineered for safety,
built for reliability.

Custom Solutions
Tailored designs to
match your exact
requirements.

Quality Assured
Premium materials
and tested for
long-lasting
performance.

End-to-End Support
From design to
commissioning and
after-sales support.

ENGINEERED FOR **POWER**. DELIVERED WITH **TRUST**.

OUR PROJECT WORKFLOW

From concept to commissioning - we make it simple.

01

REQUIREMENT & CONSULTATION

- Understanding your needs
- Site assessment & technical discussion
- Solution proposal & design recommendation

02

ENGINEERING & DESIGN

- Electrical design & panel layout
- Load calculation & component selection
- Approval drawings & BOM

03

MANUFACTURING & TESTING

- Precision fabrication & wiring
- In-house testing (FAT)
- Quality inspection & safety checks

04

DELIVERY & COMMISSIONING

- Safe packing & on-time delivery
- Installation & commissioning
- On-site testing & handover
- After-sales support

LET'S POWER YOUR NEXT PROJECT

Kottayam, Kerala

ENGINEERED FOR **POWER**.
DELIVERED WITH **TRUST**.

QUALITY AT EVERY CHECKPOINT

Documented, tested and supported from design approval to final handover.

01 APPROVED DOCUMENTATION

Clear layouts, component selection, BOM and project approvals.

02 FUNCTIONAL TESTING

Wiring inspection, safety verification and operational checks.

03 COMMISSIONING SUPPORT

Installation assistance, on-site testing and dependable handover.

FROM CONCEPT TO COMMISSIONING - WE MAKE IT SIMPLE.
